

PE lessons are every **Tuesday and Wednesday**. Please ensure you have plimsolls or trainers, blue or black plain shorts and a blue or white t-shirt so that you are ready to get fit! **Wednesday** is **outdoor** P.E so please remember warm clothes and suitable shoes. **Earrings are not to be worn for PE. Please remove them on Tuesday and Wednesday.**

Return your reading folder and reading book every day. Remember you need at least three adult comments a week to earn a book point.

Homework is given out every Friday and must be returned by the following Wednesday. If you need help, see Miss Wynn or Mrs Coxon on **Monday**. Remember, Homework club is also held on a **Monday**.

Try to complete activities on Mathletics every day to improve your skills and earn bronze, silver and gold certificates.

Places to Visit

This term we will be reading a range of stories including Peter Rabbit as well as traditional tales. We will be using these favourite stories to inspire our learning across the curriculum.

To support your child you could visit the local library to lend and read a wide range of traditional tales.

Visit the National Children's Centre for books at Seven Stories.

We will also be reading and writing letters and postcards. These will be linked to our favourite stories.

How to support your child in English this term

Read a range of traditional tales and other adventure stories looking at openings, characters and endings. Encourage your child to retell the story in their own words.

Children need to re-read their home reading books to gain fluency (speed) and expression. Children who read at home with an adult every night make the most progress in both reading and writing.

Practice writing letters or postcards to friends or family members.

Try creating some storyboards with your child about different books. It will encourage both creativity and literacy. Divide a piece of paper into six or eight squares with room underneath for some words. Stories are drawn using a sequence of pictures, accompanied by simple sentences explaining what is happening.

Things to Practise in Maths this term

It is very important for children to be fluent in their multiplication tables as it helps in all aspects of maths and children will be tested on them in the end of year SATS assessments. Practise the 2, 3, 5 and 10 times multiplication tables with you child. We would like every child in Year 2 to have earned at least their bronze multiplication badge by Christmas.

The children have been working hard on place Value. Give your child two and three, digit numbers to partition into hundreds, tens and units.

A helpful website/ink is:

<http://www.topmarks.co.uk/maths-games/hit-the-button>

It helps the children to practise quick fire doubling and halving, times tables, number bonds and division facts.

Encourage your child to handle money and pay and receive change when out shopping.

Other ways to help your child

Homework: Please help your child to complete their homework and return it on time. **Pencil must be used in homework books. If you do not have one please ask Miss Wynn or Mrs Coxon.**

Please ensure your child is organised and has their PE kit, water bottle and reading folder in school everyday.

Practice letter formation and support children to write tall capitals and all letters to face the correct way round. Work on ascenders (t, l, k, h, f, d, b) and descenders (y, j, p, g, q).

Adding and subtracting numbers is really important in lots of areas of Maths. Practice some mental addition and subtraction with numbers to see how quick your child can solve it!

Helpful words to read and spell this half term

Creative Curriculum Theme Words			Tricky words			Spelling patterns
tale	character	troll	asked	Mr	could	Suffixes (changing the ending of words) -ing, -er, -ed, -ly, -est, ai - rain, a-e - cake, ay - play, ey - they ee - keep, ea - seat, ey - money igh - night, ie - lie, i-e - line
once	long ago	dear	called	Mrs	would	
happily	bridge	climb	one	oh	should
