PRIMARY SCHOOL SPORTS FUNDING 2016-2017

From September 2013 each school receives additional sports funding through the Sports Premium. In our school the following areas were identified as priorities and we intend to use it to address these areas.

- 1) Staff CPD areas for development and up to date training needs in all phases with a particular focus on gymnastics and dance.
- 2) Ensuring children receive a balanced provision of skills and coverage.
- 3) Review of current curriculum to support implementation of the new curriculum, with particular focus on Key Stage One 'physical literacy'.
- 4) To increase opportunities for competition - both intra and inter.
- 5) Increase less active / less motivated children to attend after school clubs and competitions (intra and inter).
- 6) Involve pupils in peer and self-assessment in PE.

The table below shows how we intend to use the sports funding during 2016-2017
